After Dallas, America Needs God More than Ever

IN GOD WE TRUST Celebrates 60 Years as America's Official Motto

Everywhere we look in America **God is being replaced with a culture of violence & death.** There are constant efforts to remove God and Judeo-Christian Principles from our history, and daily lives.

On July 30th, America is celebrating the 60th Anniversary of [IN GOD WE TRUST](#) being written into law as our National Motto by President Eisenhower. IN GOD WE TRUST is more than just our Motto — it's our country's foundation and part of our core identity.

While others are aggressively attempting to remove God from our schools, the workplace, public institutions, the military and faith-based organizations, we are committed to advocating for the founding principles that make this nation great, and protecting our unalienable rights to exercise religious liberty.

Lea Carawan, Executive Director of the [Congressional Prayer Caucus Foundation](#) , acknowledges, "There have been many legal challenges to the use and reference of our national motto over the years. Consistently and repeatedly, the courts have refused to find that the motto violates any First Amendment rights guaranteed to all Americans." She goes on to say, "We must protect religious liberty. That's how we make sure that this country is not dismantled by those who want to completely eradicate God from our history and from our future."

[Celebrities such as Chuck Norris and the Benham brothers](#), along with many other Hollywood faces have joined the effort to protect God's rightful place in America.

[Congressman Randy Forbes](#), Founder and Co-chair of the Congressional Prayer Caucus,

framed it perfectly, "Throughout the more than two hundred-year history of our nation, prayer has played a vital role in strengthening the fabric of our society. The words [In God We Trust] can be ripped off all of our buildings and still, those Judeo-Christian principles are so interwoven in a tapestry of freedom and liberty, that to begin to unravel the one is to unravel the other."

Inspired by the landslide vote in the US House of Representatives (396/9), the Congressional Prayer Caucus Foundation (CPCF) initiated the, "In God We Trust. Put It Up!" Million Window Campaign to equip, empower, and mobilize leaders and citizens alike.

[Over 1.3 Million IN GOD WE TRUST window decals have now been distributed.](#) They are appearing on police and fire vehicles, in schools and public buildings, in countless homes and businesses, and the campaign is widely supported by hundreds of state legislators.
