

Dear Colleague,

We are boldly displaying **IN GOD WE TRUST**, our National Motto, on all of our service vehicles and would like to take this opportunity to encourage you to do as well. Our National Motto is being displayed on patrol cars, fire trucks, ambulances and hundreds of other first responder vehicles all across America.

As you know, President Dwight Eisenhower signed our National Motto into law on July 30, 1956. The Congressional Prayer Caucus Foundation has launched a campaign to place **MILLIONS** of IN GOD WE TRUST decals on vehicles, businesses, and homes across the nation. While others are aggressively attempting to remove God from our schools, the workplace, public institutions, the military and faith-based organizations, we are committed to advocating for the founding principles that make this nation great, and protecting the right to trust in God.

This campaign was inspired by the landslide vote (396/9) in the House of Representatives to reaffirm IN GOD WE TRUST as our National Motto, and encouraging its display in public buildings throughout America. The Congressional reaffirmation of "In God We Trust" is a move that solidifies the foundation set by the Founding Fathers, who established this nation on the belief that we have certain unalienable rights that are endowed by our Creator. The full resolution is available at www.InGodWeTrust.com.

Lawmakers across the nation are following their lead by sponsoring bills to urge the public display of our motto. Together, we are sweeping the nation with the message of hope that has inspired Americans since inception.

We are proud to partner with the Congressional Prayer Caucus Foundation to put up our National Motto in the public square. In doing so, we are doing our part to protect God's rightful place in America.

Will you join us? Will you PUT IT UP?
